Bowls Jackets under consideration

The off season of Bowls is the ideal time to look at the Derwent City Bowls gear, and in response to member's demands, we're looking at a new jacket for pennant players. Fortunately for us, the new jackets will be significantly cheaper than the previous version a few years back. They were around \$80-90, but are expected to be around \$60 when the order is finalised next month.

A notice will go up in the clubhouse with names and sizes, so put your name down NOW.

The manufacturers are currently working on the design of the new jacket, based on our new look. Some members have suggested that a largely blue based colour would look great, and mock-ups will hopefully be available for members to see shortly. The club is often quiet over the winter months and accordingly we cannot foot the bill for the jackets now and not get member's payments until potentially September—so payment will be required at the time we formally order the jackets. Thanks for your understanding.

Clubman of the Year

As the year draws to a close, its time to consider who is deserving of the Clubman of the Year Award. This award is open to any person in the club, irrespective of whether they currently serve in any official capacity or not. This is the time to honour those within the club that work tirelessly—perhaps even at a time when no-one else is around the club.

Bowls South Survey

Bowls Tasmania South have circulated a survey to all clubs on the views of players on a variety of topics. One of which is whether clubs favour the idea of all pennant games being 21 ends. We await with interest the outcome of these and other deliberations.

Be better off.
